Non-Residents' Land Assessment for the _____ 18

Nos.	Designation of Lands by Boundaries or other Intelligible Description.	Nos. and Names of Lots owned by Non-Residents.	Quantity of Land in each Lot liable to Taxation. — Acres.	Value of such Land. — $ Cts.	Statute Labor. — No. of Days.	School Section.

I do certify that I have set down in the above assessment roll all the real property liable to taxation situate in the Municipality of South Norwich and the true actual value thereof in each case, according to the best of my information and judgment; and also that the said assessment roll contains a true statement of the aggregate amount of the personal property, or of the taxable income of every party named on said roll; and that I have estimated and set down the same according to the best of my information and belief; and I further certify, that I have entered thereon the names of all the resident householders, tenants and freeholders, and of all other persons who have required their names to be entered thereon, with the true amount of property occupied or owned, or of income received by each, and that I have not entered the name of any person whom I do not truly believe to be a householder, tenant or freeholder, or the bona fide occupier or owner of the property or in receipt of the income set down opposite his name for his own use and benefit; and that the date of delivery or transmitting the notice, required by section forty-one of the Assessment Act in every case truly and correctly stated in the said roll; and I further certify and swear that I have not entered the name of any person at too low a rate in order to deprive such person of a vote, or at too high a rate in order to give such person a vote, or for any other reason whatever; and that the amount for which each such person is assessed when the said roll truly and correctly appears in the said notice delivered or transmitted to him as aforesaid.

Sworn before me at Otterville
this 28th day of April 1884
John Cooper
Township Clerk

F. T. Gordon
Assessor
