c. - column

Genealogy index is collected by decade (ie. 1870-1879) and compiled alphabetically within that decade.

In addition to the regular BIRTH; MARRIAGE; and OBITUARY column check the COMMUNITY NEWS; LOCAL INFORMATION; etc. columns for mention of the same event and additional information.

Any title of designation, such as Mr., Mrs., Rev., or Esq. is placed in brackets after the name and ignored when compiling.

An OBITUARY notice for an infant without a forename : Type infant son/daughter in brackets after the surname - ignore when compiling..

When one notice gives only initials and a second notice gives full name for the same event and person, enter the full name when compiling.

In the case of same name entries file chronologically by the date of the newspaper. (earliest date first)
