- (3) A Development Charge shall be calculated and payable in full in money or by provision of Services as may be agreed upon, or by credit granted pursuant to the Act or this by-law, on the date that the first building permit is issued in relation to a Building or structure on land to which a Development Charge applies.
- (4) Where a Development Charge applies to land in relation to which a building permit is required, the building permit shall not be issued until the Development Charge has been paid in full.
- (5) Notwithstanding subsection 5 (1), Development Charges for Rental Housing and Institutional Developments are due and payable in 6 equal installments commencing with the first installment payable on the date of occupancy, and each subsequent installment, including interest, payable on the anniversary date each year thereafter.
- (6) Notwithstanding subsections 5 (1) and 5 (3), where the development of land results from the approval of a Site Plan or Zoning By-law Amendment application received on or after January 1, 2020, and the approval of the application occurred within the prescribed amount of time of building permit issuance, the Development Charges under section 2 shall be calculated based on the rates set out in Schedules "B1" to "B28" on the date of the planning application. Where both planning applications apply, Development Charges under section 2 shall be calculated on the rates set out in Schedules "B1" to "B28" on the date of the later planning application.
- (7) Interest for the purposes of subsections 5 (5) and 5 (6) shall be calculated as per the County's Development Charge Interest Rate Policy.

**6. LOCAL SERVICE INSTALLATION**

- (1) Nothing in this by-law prevents Council from requiring, as a condition of an agreement under section 51 or 53 of the *Planning Act* that the Owner, at his or her own expense, shall install or pay for such Local Services, within the Plan of Subdivision or within the area to which the plan relates, as Council may require.

**7. MULTIPLE CHARGES**

- (1) Where two or more of the actions described in subsection 5 (1) are required before land to which a Development Charge applies can be developed, only one Development Charge shall be calculated and collected in accordance with the provisions of this by-law, as prescribed in section 5.
- (2) Notwithstanding subsection 7 (1), if two or more of the actions described in subsection 5 (1) occur at different times, and if the subsequent action has the effect of a net increase in the number of Residential Dwelling Units and/or a net increase in the amount of Non-Residential Gross Floor Area, additional Development Charges shall be calculated and collected in accordance with the provisions of this by-law.

**8. SERVICES IN LIEU**

- (1) Council may authorize an Owner, through an agreement under section 38 of the Act, to substitute such part of the Development Charge applicable to the Owner's Development as may be specified in the agreement, by the provision at the sole expense of the Owner, of services in lieu. Such agreement shall further specify that where the Owner provides services in lieu in accordance with the agreement, Council shall give to the Owner a credit against the Development Charge in accordance with the agreement provisions and the provisions of section 39 of the Act, equal to the reasonable cost to the Owner of providing the services in lieu. In no case shall the agreement provide for a credit which exceeds the total Development Charge payable by an Owner to the County in respect of the Development to which the agreement relates.
- (2) In any agreement under subsection 8 (1), Council may also give a further credit to the Owner equal to the reasonable cost of providing services in addition to, or of a greater size or capacity, than would be required under this by-law.
- (3) The credit provided for in subsection 8 (2) shall not be charged to any Development Charge reserve fund.

**9. FRONT-ENDING AGREEMENTS**

- (1) Council may authorize a front-ending agreement in accordance with the provisions of Part III of the Act, upon such terms as Council may require, in respect of the Development of land.

**10. DEMOLITION AND CONVERSION CREDITS FOR REDEVELOPMENT OF LAND**

- (1) If a Development involves the demolition of and replacement of all or part of a Building or structure, or the conversion from one principal use to another, a credit shall be allowed, provided that the land was improved by occupied structures, or structures capable of being occupied without structural improvement, within the five years prior to the issuance of the building permit, and the building permit has been issued for the development within five years from the date the demolition permit has been issued; and;
- (2) Subject to subsection 10 (3), the credit shall be calculated:
  - (a) in the case of the demolition or conversion of a Building, or a part of a Building, used for a Residential purpose, by multiplying the number and type of Dwelling Units demolished or converted by the relevant Development Charge in effect under this by-law on the date when the Development Charge with respect to the redevelopment is payable pursuant to this by-law; or
  - (b) in the case of the demolition or conversion of a Building, or part of a Building, used for a Non-Residential purpose, by multiplying the Non-Residential Total Floor Area demolished or converted, by the relevant Development Charge in effect under this by-law on the date when the Development Charge with respect to the redevelopment is payable pursuant to this by-law.

- (3) A credit can, in no case, exceed the amount of the development charge that would otherwise be payable. No credit is available if the use for which the demolished/converted buildings or structures was last lawfully occupied is exempt under this by-law.
- (4) Notwithstanding subsection 10 (1) above, where the Building cannot be demolished until the new Building has been erected, the Owner shall notify the County in writing and pay the applicable Development Charge for the new Building in full and, if the existing Building is demolished not later than twelve (12) months from the date a building permit is issued for the new Building, the County shall provide a refund calculated in accordance with this section to the Owner without interest. If more than twelve (12) months is required to demolish the existing Building, the Owner may make a written request to the County, and the County's Treasurer or designate, in his or her sole and absolute discretion and upon such terms and conditions as he or she considers necessary or appropriate, may extend the time in which the existing Building must be demolished, and such decision shall be made prior to the issuance of the first building permit for the new Building.

- (3) Council directs the County Treasurer to divide the reserve fund created hereunder into separate accounts in accordance with the Service categories set out in Schedule "A" to which the Development Charge payments, together interest earned thereon, shall be credited.
- (4) Where any Development Charge, or part thereof, remains unpaid after the due date, the amount unpaid shall be added to the tax roll for the property on which the Development occurred and shall be collected as taxes.
- (5) Where any unpaid Development Charges are collected as taxes under subsection 13 (4), the monies so collected shall be credited to the development charge reserve funds referred to in subsection 13 (1).
- (6) The County Treasurer shall in each year commencing in 2025 for the 2024 year, furnish to Council a statement in respect of the reserve funds established hereunder for the prior year, containing the information set out in section 12 of O. Reg. 82/98.
