

First Name: _____ Library Branch: _____

Ollie the Astronaut has blasted into space this summer! Draw and colour in the background to show what our library mascot Ollie the Ox is exploring in the galaxy. Has Ollie discovered a new constellation? An undiscovered planet? Write a couple of sentences to describe what Ollie is doing in your picture below.

Hand in this paper to a library staff member at your local branch anytime between June 10th to August 17th. These images and stories will be made into a collaborative book to be shared at the end of our Summer Reading Club!
