THE VOLT STAFF WISHES TO DEDICATE VOLT '80

TO MR. THOMASSON

When someone touches you as much as this man,

When you finally find a person to laugh with.

When you can struggle through the hard-ships And share the joy of triumphs together When you finally realize he respects you

As much as you respect him,

When, without ignoring man's foolishness You can together appreciate beauty, When you can look upon this world

And say you have done your best to make your garden fruitful,

When you do what you believe No matter how many bridges fall, When you know that one minute of caring Overshadows all the pain You may find what many people find;

You may find what many people find; A man who is willing to share of himself, A man many of us love in our own way -Tommy.

Love Cheryl Steels and everyone in 5D

EDITOR

SUSAN VAN BOMMEL

This is a book about people. You, the Student Body, are that people and this is the story of your life at IDCI during the past year. Your involvement and participation make this school what it is.

What is IDCI? Of course, it is a large building of great capacity designed for the instruction of high school students, but more important, it is a way of life. Fourteen hundred unique teenagers attend this school each day, and upon arriving they take on a new role - that of a student. Along with the responsibilities, co-operation and coordination necessary to fulfill that role, other roles evolve that shape the activity here at IDCI. Whether they be the role of Prime Minister of the Students' Council, or guard on the basketball team, or selling apples at a football, or even recording daily attendance, the combination of these roles and the people that carry them out make IDCI the vital community that it is.

Being Editor has paralleled this situation. I have experienced the challenge, frustrations and enjoyment that accompany this role. The entire Volt Staff, through dedication and teamwork, has made it their concern to ensure you that life at IDCI will be relived and long remembered in the years to come. I thank them all and a special thanks I extend to Mr. C. Martin, our Staff Advisor, for his invaluable assistance.

It is my wish that Volt '80 will capture a part of your life and a year that will be remembered and treasured always.

PRINCIPAL'S MESSAGE

MR. J. PARKER

I expect that you will read this book many times. It has been produced by the hard work of the yearbook staff so you will be able to recall your years at IDCI. I hope that your memories are fond ones and become even more previous as time passes. My hopes for you are that your life will be satisfying and successful. Here is a definition of success from Bessie A. Stanley: "He has achieved success who has lived well, laughed often, and loved much; who has gained the respect of intelligent men, and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of earth's beauty, or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction."

STUDENTS' COUNCIL

PRIME MINISTER

BILL WILSON

I recently attended a Student Council Leadership conference and came away with a feeling of pride for our school. I discovered that IDCI compared to several other schools has many things for it that other schools lack.

You can't really say that this school is a bore if you consider the activities available to complement the required academic studies. The activities are there for you to enjoy, but you can't do this if you don't participate.

There are varsity and intramural sports, and numerous clubs and associated activities such as are illustrated in this yearbook that survive with your interest. Those of you who have taken part already realize the value in such sports and activities; I hope that the rest of you will come to the same realization before it is too late.

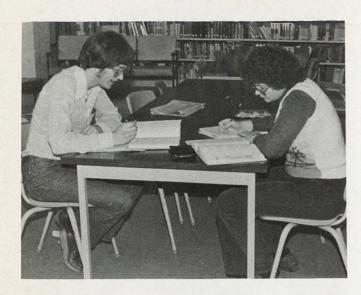

Participate and you are guaranteed to get more out of school. Let the fun help you through the tough years of study. I am really glad that I took part in the extracurricular life at IDCI.

A Walk in the Woods

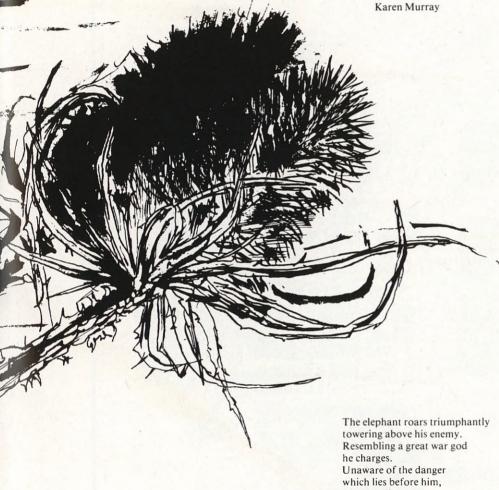

I chose a day sunny and warm, With hints of better to come, Rustling leaves from summers past, Masked flowers seeking the sun.

Soft breezes moving budding limbs, Frogs croaking in the bog, Flowers pushing into life; How peaceful, sitting on a log.

Lisa Quinn

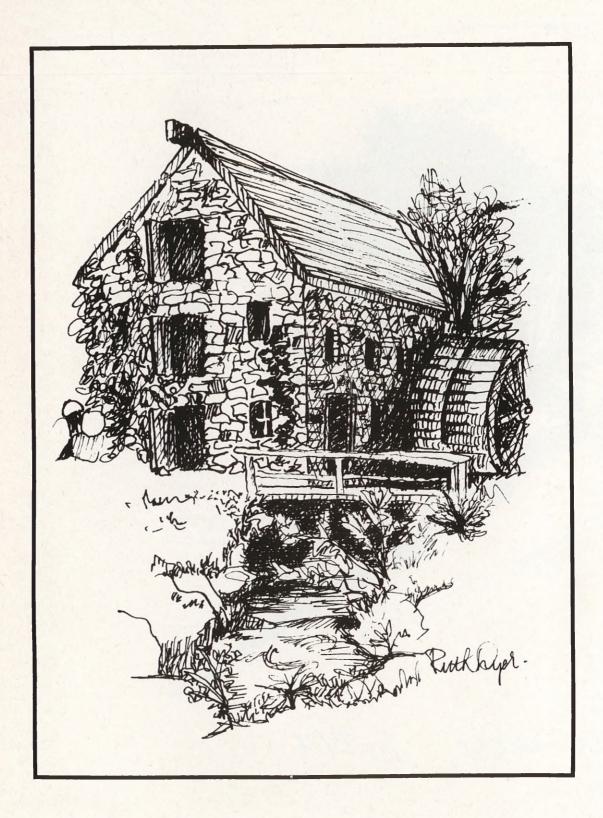

Waves spray steadfast rocks, A boy's footprints in the sand, Time will wear them both.

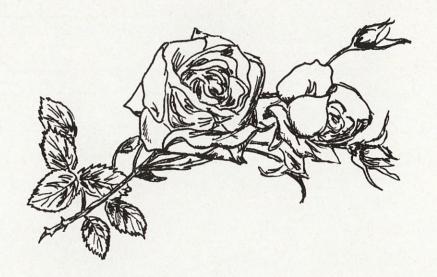

The shot rings out. His feet stagger from beneath him, and in death's last throes he realizes that even he is no match for man.

Jeff Wakeling

Donna Skreuson Noy 3/78

The crystal water laps to shore moved by a soft breeze. I watch As peaceful thoughts fill my mind. Man comes and goes but still the lake remains Continuing to force man to gaze at its immortal beauty.

Shelley Baigent

Of childhood's innocent glare
In those eyes which often stare
The mystery is there
Reflected in those shimmering pools
The depths of which unknown
The fathoms so remote;
There lies the secret
There lies the key
Hidden from all humanity
Unless the view should come to be
That of which a child would see.

Linda Funk

The resounding noise
Constantly ringing in my ears
Grows louder until
I shut my doors to escape from
The hum of industries near.

Nancy Lewis

There was a bird in a tree, Who loved to chirp merrily; He's sit there all year And nothing he'd fear Singing Bach's great harmonies.

Nancy Smith

I hear train whistle blowing destination unknown winding its way over the land back home.

Richard Sonder

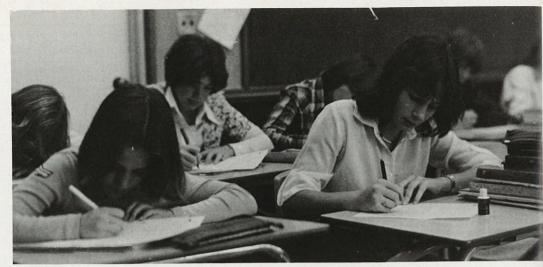

I see three rounded forms the sun, myself, and the sphere, which condones the whole workings of life.

Adrian Bakker

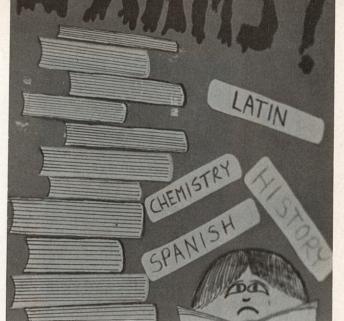

The wind blows salt spray against my face. Adventure fills my soul, but I will never know the thrill of discovery.

HOUSE SYSTEM ALIVE AND WELL

The House System is a "People System". Having been an observer and participant in house activities in two high schools over the past four years, I have been impressed with the "positives" House Organization brings to any school and specifically to our school.

The House System is "Alive and Well" at I.D.C.I. It has been the forum for discussions about intramural philosophies, school spirit, activity scheduling, and sundry other topics. It has been responsible for the organization of:

Orientation Week Hill Billy Day Backwards Day Snowfest Week Wild West Day

The House System through the new constitution has had representation at all Student Council Cabinet Meetings. In short, the House System has taken leadership along with other student groups to make I.D.C.I. a better place.

Certainly our record is not as perfect as this list might imply. Misunderstandings over scheduling of intramurals necessitated some very important meetings to arrive at a solution along with BAS/GAA. There were internal procedural changes established to improve the effectiveness of full House Meetings. However these times of learning have strengthened the House System.

Thank you to all teachers and students for your efforts in 1979-1980. It has been a worthwhile year.

OFFICIAL WELCOME OF

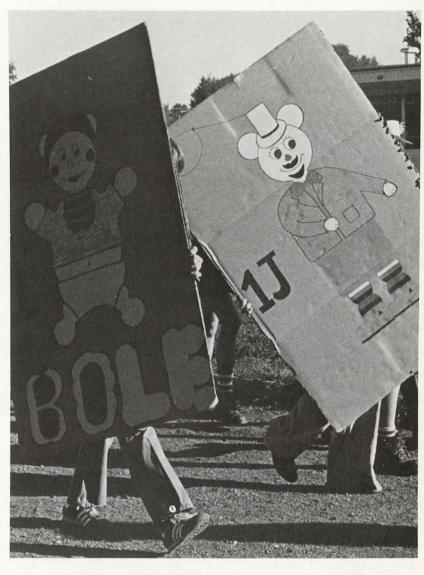

IDCI FROSH

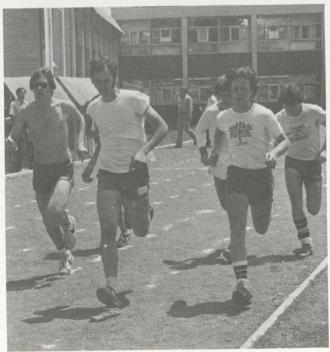

A favourite pastime for the Grade Twelve and Thirteen sect every September is initiating the newcomers to the IDCI Student Body. Initiation Day is a prominent tradition of this school and this year has by no means been an exception. Three hundred and eighteen freshmen took part in this event last September and can since proclaim their official membership to the Student Body.

As you freshmen have completed a turning point in your road of life, look forward to the challenges and opportunities IDCI offers you. We welcome you to take advantage of them. Best of luck to you in your future years here at IDCI.

compete in track and field events the day allows those who simply want to have

REACH FOR THE TOP

The team kept up IDCI's tradition of fine performance in a game requiring a wide range of intelligence and an ability to think quickly under pressure. They won their first round game against J. F. The function of the Girls' Athletic Association is to promote girls' athletic activities. Throughout the course of the year the GAA runs and organizes the intramural program as well as selling hot dogs, buttons and ribbons to raise money in support of the female athletes of this school. Some of the funds also go towards the Athletic Banquet which is held in the spring. The GAA would like to thank all those who support them and a special thanks goes to our staff advisor, Mrs. Stueck, without whose help we would have been lost.

IDCI's Cross-Country team had their most successful season in the Autumn of 1979. Our Junior Girls Team improved steadily and earned a spot in WOSSA. The Junior Boys Team placed 1st in Oxford-Elgin and 5th in WOSSA, narrowly missing an opportunity to go to All-Ontario. The Oxford-Elgin Championship was IDCI's first ever Cross-Country Title. It is hoped that a Cross-Country tradition at IDCI has been initiated.

GIRLS' BASKETBALL Exciting Season Earns Third Place Finish

The Senior Girls' Basketball team had an extremely exciting season in '79-'80. The girls finished in 3rd place after a definite improvement in poise and ability throughout the season.

The team's defense was our strong asset and allowed our offense to run vigorously. The team won the Dorchester Invitational Tournament and played very well at Medway and Parkhill.

Congratulations on a very fine year.

JUNIOR BOYS VOLLEYBALL

STRATEGIC PLAY EARNS SECOND PLACE FINISH AT WOSSA

This years Junior Boys Volleyball Team had a very successful year with good volleyball being practised and cultivated. Due to great enthusiastic play the team achieved first place standing in league play, and went on to Oxford-Elgin. At Oxford-Elgin they went to the finals and placed second. Once again they were one their way to better and grander play at WOSSA. As before they practised good volleyball and finished second. Good Work Team!

GIRLS' FIELD HOCKEY THIRD PLACE **FINISH AT OXFORD-ELGIN**

This year the Girls Field Hockey Team enjoyed a very successful season. A tie with WCI in the Oxford finals allowed the team to advance to the Oxford-Elgin playoffs. After three tough matches, we ended with a record of I win, I tie, and I loss. This placed us third in the Oxford-Elgin conference. Throughout the season, strong goaltending was displayed by Sandy McLeod and Beth Huntley while excellent play came from a number of rookies. Good offense came from our "old pros" and fast movement on defense kept the number of goals scored against us down.

BOYS' BASKETBALL MIDGETS IMPRESSIVE

This year's teams and their performances in league and exhibition games illustrated a year of consolidation for the future.

The spirited play of the seniors led them through a season of keen competition and a relatively successful outcome. A third place finish in league play is not to be regarded as a failure.

The future of the junior basketball can only be optimistic. With a tough season behind it, the junior team can look forward to the influx of this year's excellent Midget Team into next year's line up.

With the experience gained this year all players can look back in contentment to the fact that they did participate to their utmost.

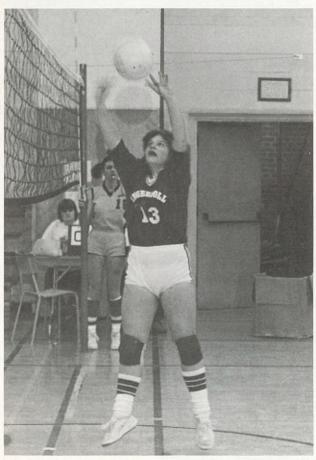

Congratulations on a fine effort to the teams and to their coaches Mr. Alexander, Mr. Thompson and Mr. Slimmon.

GIRLS' VOLLEYBALL

Determination, spirit and skills were not quite enough this year.

Both the Senior and Junior teams placed second in the Oxford Playoffs and with an advancement to Oxford Elgin the Seniors finished third and the Juniors finished second. These standings advanced both teams to a birth in WOSSA play downs.

It is difficult to pin down individual reasons why a team doesn't quite reach the top but this does not matter. What does matter is that the group players played as a team, they experienced good competition, they learned from this experience and they had fun. When these points can be equated then the season is really a successful one.

Congratulations and thanks go to the girls for such a solid effort and to the coaches Mrs. J. Vardon and Miss M. Hanna for their time spent on the team.
