OXFORD COUNTY BOARD OF EDUCATION

Principal's Message

R.A. Joyce

This year we have been able to breathe a sigh of relief at the completion of construction and the cessation of the restrictions and interruptions that are necessarily part of any such programme. The co-operation among students, teachers, and contractors during this period has been excellent and I would like to thank you for your positive attitudes.

The programme of the school, both curricular and extra-curricular, has been and will be stimulated by these improved facilities. Added space in the school has made further freedom possible for students especially when such freedom is used wisely.

Accountability is the key word mentioned most frequently in discussions of education today. For teachers, administrators and trustees this means showing, in measurable results if possible, that the large financial commitment to education has been worthwhile. For students, the challenge could be to show by improved achievement and responsible action that the trust of greater freedom and improved facilities was warranted. In my estimation, students at this school have met and will meet the challenge admirably.

This year as in past years I congratulate the staff of the Volt for an ambitious undertaking, but I know that by now they will know that they have been paid amply by the valuable experience which they have gained by taking part in such a project. Their service to the school is much appreciated.

Vice-Principals' Message

ODE TO A VICE-PRINCIPAL

In charting his duties it's not really nice
To say he's a principal curbing vice.
It's true, of course, that he spends some time
Thinking of ways to diminish crime;
But that's only part of his working day--
Anything's likely to come his way:
Policeman, juror, hangman, priest--
If he's not neat with his footwork he's counted a beast?
'Twixt pupil and parents, teacher and child,
No matter what happens, somebody's viled.
As critics of action let's try to be fair:
Just what would you do if you had to sit there?

-Anonymous

G.E. Ormston

I should like to extend my best wishes to the graduates of I. D. C. I. this year for success in their future endeavours. My congratulations go to all who have contributed to this year's Volt. I am sure that it will continue to be a best-seller and will maintain the high standards of literacy reached in previous years.

The school year 1971-'72 will be a memorable one for I. D. C. I. as October 29th was the official opening of the new West Wing. An excellent Library Resource Centre, a new gymnasium, commercial section, special geography rooms, science laboratories, and greenhouse have added greatly to facilities at the collegiate.

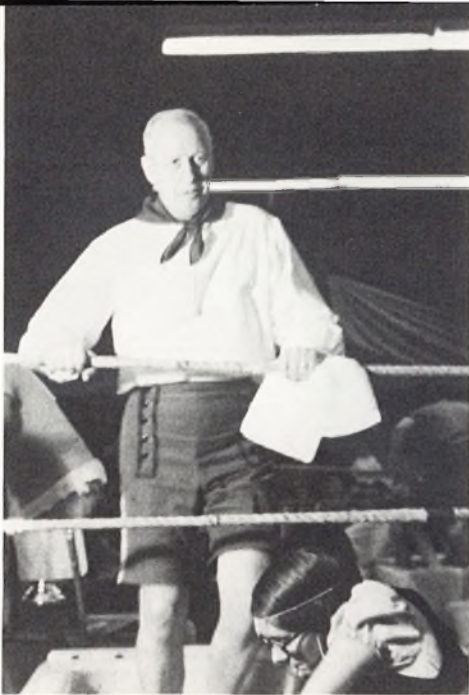

Academic achievement was high during the year as sixty-four students received the Secondary School Honour Graduation Diploma at Commencement Exercises. Our hundred and ninety-nine students obtained the Secondary School Graduation Diploma (grade XII) and twenty-four qualified for Certificates of Training (Two year occupational programme). One hundred and fifty students throughout the school won the coveted silver pin (First Class Honours Award) while eighty-seven qualified for Perfect Attendance Crests.

Extracurricular activities again played an important role at I. D. C. I. Athletic teams achieved good standings in their various leagues, while music and drama also had excellent programmes. An ambitious project in this field was the production of "Oliver" which was presented during the month of February.

In closing I should like to commend students for their active participation in these extracurricular activities. In particular I would like to congratulate Mr. Cliff Martin, the Volt editors, Barry Marles and Phyllis Noonan, and all members of the Volt Staff on an excellent "Volt 1971-'72."

W.C. Wilson

One of these days...!

A Mayor and His Town

G.B. Henry

This year, in a break from tradition, we of the Volt and, without a doubt, the whole school, would like to offer a tribute to Mayor Henry and his staff. For many years Mayor Henry has worked to build Ingersoll into a town with a fine reputation. With his work and those who work in conjunction with him we have seen the evolution of the Cheese and Wine Festival, Festival of the Arts, Frost Follies and the Can-Am Games.

We would like to wish Mayor Henry and his co-workers the best of luck in the future and hope that Ingersoll will continue to thrive in the years to come.

Students' Council Executive

President

The Students' Council is a necessary body of representation for the students. They organize various activities such as the Initiation Day festivities and the dance at night and helping with "Carnival Night" in the Cheese and Wine Festival. The Council's imagination is displayed in the floats entered in Ingersoll's parades. The Council also sponsors guest performers at the school and leads the organization of the annual At Home formal dance.

A change in the constitution last year brought about students being nominated and then elected as representatives for their grade. As a result the most interested students serve as members of the Council.

DIANA ADAM - Souse wants to become a member of the A.H. maintenance staff. When not skiing or roller-skating, Diana can be found keeping her pet-peeve, Pat, in trouble.

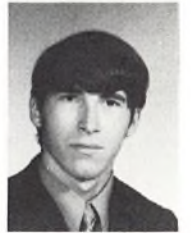

DONNA ADAM - When not trying to get out of I.D.C.I. Donna spends her time skiing, roller skating, and watching baseball and football games. Donna is bothered by people who wear white socks.

SHARON ARMOUR - Sis goes out for Red Cross and Volt and wants to go to university. She spends most of her time keeping a certain person out of trouble and saying "I dunno".

RANDY BEACOM - "Beac" can be found at any sports event or riding his bike, muttering "You do-nut"! at ignorant drivers. This truck-driver-to-be is consumed with desire to be able to hold a basketball by one hand.

JULIE BUNCH - Bunch can be found biking with Triumph boys, washing dishes, selling fruit or complaining "If people would shut up around here I could get something done." Julie participates in Volleyball and Volt and wants to work for a rich dentist.

MARG BROMLEY - Best of luck Marg. Maybe one day you'll look back on this as an experience not to be forgotten (or remembered).

CAROL BUTTERWORTH - Butterball wants to become a social worker but spends most of her time watching a certain boy at school and visiting the office.

KATHIE CADE - "Spader" spends a lot of time dusting girdles at a local shop, listening to Bunch, watching her athletic friends participate and knitting a ten mile scarf for Chico's 27th birthday.

BILL CHANDLER - Chas. is destined for a career in oceanography. Meanwhile he spends his time curling, handing out cigarettes to Tex and becoming enlightened.

ANNA CHAPMAN - This girl has participated in just about everything: Volt, G.A.A., sports, Glee Club and prefects. She feels she is destined to have the world's finest spinster-age.

NEILL CLEMENS - Knute has got a future in Communications if he ever passes math. Travelling and street football keep him busy and out of business at the store. Tuli, Ogden and Bart also amuse Neill.

MARY CLEMENT - Eli's "Well we won't go into that right now!" resounds in the dressing room before basketball, volleyball, track and field practice. She is bothered by Phyl and Capricorns with big noses but adores the mad pianist.

NIKKI CONDOS - While waiting to go to U.W.O., Nikki polishes her trumpet, watches baseball and hockey games, coaches figure skating and constantly demands "You know what I mean"?

WENDY CONNELL - Wen, coach of the Sr. girls' basketball team and member of the G.A.A. is bothered by the 401 restaurant but still manages an occasional "wonderful, wonderful, wonderful."

BRENDA CONNOR - This young lady wants to be a nurse and we wish her luck. Meanwhile you'll find her doing her history and biology in the library. Smile!

JANICE CORBETT - "Kid" a secret admirer of Bugs Bunny can be heard moaning "Did we have to have that done for today?" Peeved by assemblies during her spares she would like to sleep in 'till eleven every morning.

KEITH COSTELLO - Limey, bothered when called Allan, plays soccer and strives to reach the impossible height of 6 feet before 70. Limey cheers us all with his "Happy Day Brother".

KATHY CRANDALL - Kasey seems to have a fixation about fish and is bound to confuse us all. Best of luck to you Kasey.

ANNE CRANE - Our Dairy Princess hates to get up in the morning but enjoys drinking her milk. She goes out for Glee Club, Prefects, operetta and Volt and wants to attend university.

CATHY CUSSONS - Cathy hopes to attend Western for a phys. ed. course and math. Basketball and work fill up half her time, the other half is occupied by her pet peeve - riding buses to London.

PAUL DOUGLAS - Paul spends his life making money delivering stuff on his bike. Lotsa luck Paul. His hobbies are pool and school, in that order.

KAREN EASTON - Between doing homework, finding people and throwing parties, Karen doesn't have much time to fulfill her ambition to work side by side with Dr. Kiley.

GRAHAM HENDERSON - Graham will spend the rest of his life working on an agriculture project in algebra class. Also the probability of passing the same subject. Good Luck.

NANETTE HOGG - Nan is an important member of the Student Council and is also in orchestra and prefects. Nan wants to be a music teacher and loves listening to James Taylor.

Girls' Senior Basketball

This is the second year in a row that our senior basketball team has missed Oxford-Elgin by one defeat. It was a rough season with two losses going to the Glenndale team and one to Annandale. They came close to winning these games and the playing was great but they didn't manage to get enough baskets to win. This is the same team that won Tri-County three years ago.

Thanks go to Mrs. Cayer, their coach. (For fighting to the finish - Thanks "Coach")

This year the Senior Blue Bombers showed every sign of an Oxford-Elgin Championship by exploding forth to dominate their first four games. The decisive game proved to be against Huron Park. After allowing eight points in the first half, the seniors rallied to an eight - seven deficit; the tying point being blown wide by the wind. The season closed with a loss to Annandale. The final record-four wins, two losses rather an impressive yet disappointing year.

The Senior Bombers wish to thank the hard working coaches, Mr. Desborough and Mr. Martin.

Junior Blue Bombers

FRONT ROW: S. Fortner, D. Glover, C. Long, M. Kirby,
 SECOND ROW: Mr. Palmer, Coach; S. McDougall, J. Mr. Cramp, Coach.

 R. VanDyk, B. Blair, C. Ricker, J. Armstrong, J. Starchuk, G. Racher, D. Swatridge.

The Junior Bombers this year showed the promise of a hard-driving unit, and after a slow but determined first game they strove onwards to a number of good victories. Following this first loss the juniors came back with three wins. A loss to Huron Park forced a play-off against Woodstock Collegiate. The juniors gained an early lead but the very strong W.C.I. team fought back and overcame our junior stalwarts by a scant margin. The season closed with a record of three wins and three losses.

The talent shown in the junior team may be a good omen of things to come for later senior teams.

Congratulations and thanks go to Mr. Cramp and Mr. Palmer, the team coaches, for their fine efforts to help the boys.

Junior Boys' Basketball

The 1971-'72 Junior Boys' basketball season started off at a flaming pace winning their first six games and tying London South. Misfortune however befell the Juniors as they only managed to win two of their remaining league and exhibition games.

In league play the team had a 3-7 won-lost record, but they did manage to defeat this year's W.O.S.S.A. champs, Glendale.

Outstanding players on the team were Barry Brady and John Bothwell who led in rebounding, scoring and defense. Norm Naisbitt posed a threat from the back-court with driving lay-ups. We wish the boys the best of luck next season and hope they will continue to improve.

The team would like to thank Mr. Idle and Mr. Dunn for the time and energy devoted to the coaching of the players.

One close game against Annandale with a score of 17-16 decided the fate of our junior girls' basketball team. If it would have been a victory this would have given us second place and a chance to go to the Oxford-Elgin Tournament. Since it wasn't they had to settle for third place and the season came to an end after their second defeat to C.A.S.S. They ended up with six wins and two losses. Rather an impressive record even though they didn't come home with a championship; it says quite a lot for the calibre of basketball being played in their league. Many of the players will be of junior age next year so look out Oxford-Elgin, we'll see you next year.

Many thanks to Miss Muddiman our enthusiastic coach.

Senior Boys' Volleyball

This year's senior volleyball team got off to a slow start, but through experience gained momentum throughout the league and finished in second place. After a humiliating loss to W.C.I., the BOMBERS played in the consolation round at the Oxford Championship. They thoroughly defeated the Red Devils this time and then focused on crushing Huron Park. By finishing first in the consolation series the Blue Bombers qualified for Oxford-Elgin. The I.D.C.I. Oxford-Elgin jinx again existed as they fell victim to West Elgin.

The team would like to thank Mr. Stueck for his dedication and his knowledge of the sport taught to the team. The improvement with each game was very noticeable and due to fine coaching.

Although the Senior boys' team failed to qualify for Oxford-Elgin they rounded out the season with a respectable record of seven wins and five losses. A feature series was the games between Westlane of Niagara Falls. The team also competed in the Markham and Staynor Tournaments, and are now the Staynor Champions.

Special congratulations to Mr. Harris who worked very hard organizing not only the team but several of the extra competitions they played in.

Four wins, three ties and two is the team's record this year. They showed interest not only in their league but also within the school when they challenged the men teachers and boys' cross-country team. In the Oxford-Elgin tournament they came home winners of one game but two losses. The spirit of the game and the values gained are the marks of their success under the coaching of Mrs. Baker. Many thanks.

Field Hockey

Girls' Cross-Country

Our "small but mighty" cross-country team consisted of six members, all in the intermediate level. After many nights of practice they were faced with Oxford-Elgin. Much to their glee they placed third which gave them the opportunity to go to W.O.S.S.A. held in Dorchester. There they faced a course of one and three-quarter miles. They placed ninth out of the sixteen schools participating. Josie Schreurs placed fifteenth and Susan Murray placed twenty-first out of a possible seventy three places.

Thank you to Mrs. Vardon and the mighty effort.

Boys' Cross-Country

The boys' cross-country team put out a good showing in the Oxford-Elgin meet as they paced the long course on a cold morning. The midget team placed third with Cyril McCready leading the way with a third place individual finish. In the junior run, Rick Taylor and Paul Lauerson finished in the top ten and thus qualified to run in the W.O.S.S.A. competition. In the senior division, Phil Lewis and his eighth place finish led the team to an overall third place position. Ten runners qualified for the W.O.S.S.A. event which was a long hard course run at Dorchester but failed to place.

With continuous practice and more experience perhaps we can look forward to a better 1972 season. Many thanks to Mr. Watt for his interest and time spent in coaching the boys.

Wrestling

Under the guidance of Mr. John Murray, this year's wrestling squads had a respectable record, considering the restrictions under which they were competing. Participants were not available for certain weight categories and therefore the remainder of the team was forced to work doubly hard to make up the difference.

Some of the wrestlers that performed well were: Max Kirby, Darwin Christoe, Cyril McCready, Bob McCallum, who all finished fourth at the Oxford-Elgin meet. This year's most improved wrestler was Bill Page who really came on strong in the 178 pound division and finished third in his class in the Oxford-Elgin tournament.

With spirit that was in evidence in this year's squad the future cannot help but hold promise of things better. Thank you Mr. Murray for your encouragement and advice.

Ingersoll Midget Boys' Basketball Tournament

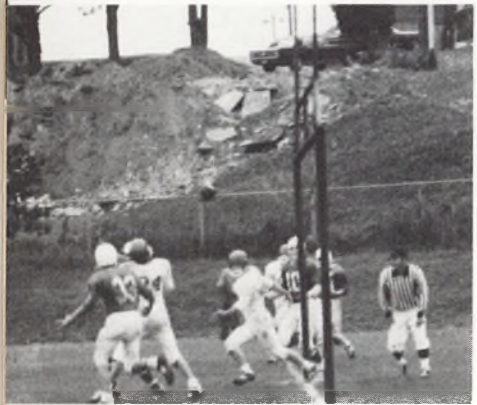

This year's annual Ingersoll Midget Boys' Invitational Basketball Tournament proved to be another outstanding achievement under the guidance of Mr. Doug Harris.

Each year some of Southern Ontario's finest young athletes take part in this event. Perhaps the most understated achievement however is the success of the people involved in organizing such a mammoth operation. This operation covers the realm of billeting hundreds of players and setting up a complicated schedule of games all played at I. D. C. I. The many referees, scorers, hostesses and fans are to be congratulated on such a well run event.

This year's winning teams and their corresponding titles are as follows: Westlane from Niagara - Blue Championship; McGregor - White Championship; Chatham - Kent - Ingersoll Championship; our own Ingersoll Midget Blue Bombers were awarded the Most Sportsmanlike trophy.

Mr. Palmer must be given credit for devoting his time and efforts in shaping the character and talents of these promising young men.

Even though the team did not fare too well in league competition their attempts were always a 100% team effort and is this not the most important thing?

This year we would like to commend Mrs. Revell and Mrs. Butt in performing a wonderful job in getting our new library resource centre into action. We were very glad to see many new students turn out and take part in the processing, shelving and cataloguing of books. The Library Club which consists of about twenty-five members, meets every activity period. During lunch hours and in free spares everyone takes a turn at working. At this time we would like to take this opportunity to extend sincere thanks to all those in the club for their time and assistance.

The I.D.C.I. Booster Club came into existence this year. The group was formed in an attempt to boost the flagging school spirit. For most of the events the group organized, the spirit was there. Unfortunately the enthusiasm lasted only as long as the activity. We wish the Booster Club in future years all of the success possible and urge the students to get behind them and show that they are not dead. Let's make school something more than a nine to three-thirty routine, stay away from the pool rooms, the coffee shops and find out what things are going on within the buildings you call jail.

MACMILLAN'S MEN'S and BOYS' WEAR

I.D.C.I. Band

The dedicated work of Messieurs Riddolls and MacDougall has improved the band greatly. The turnout of the more experienced members acted as a catalyst in the learning process of the junior members.

The season's playing engagements commenced on September 13th, the annual embro and West Zorra Agricultural Fair. The band's playing was only excelled by their valour in the rainstorm. The band deafened themselves by playing from inside the bus and later were thoroughly drenched as they played in front of the grandstand. This feat was rewarded when they stopped at the Beldaire for refreshments on the journey home.

The band also performed in the Ingersoll Cheese and Wine Festival Parade. They were also asked to play in Thorndale on the same day, but the band felt obligated to support their hometown venture even though they had to forfeit financial gain.

The third engagement for the band was held in Dorchester for the Dorchester Fair. Once again the band was faced with inclement weather. Their valiant efforts were recorded on field by the CFPL-TV film crew for the 1971 Review. The months of November and December saw

the band at two parades in Ingersoll, the Remembrance Day Memorial Service and the Santa Claus Parade. The ceremonials of the Memorial Service were played by trumpeter John Rowsom and drummers Dan Irvine and Don Egley.

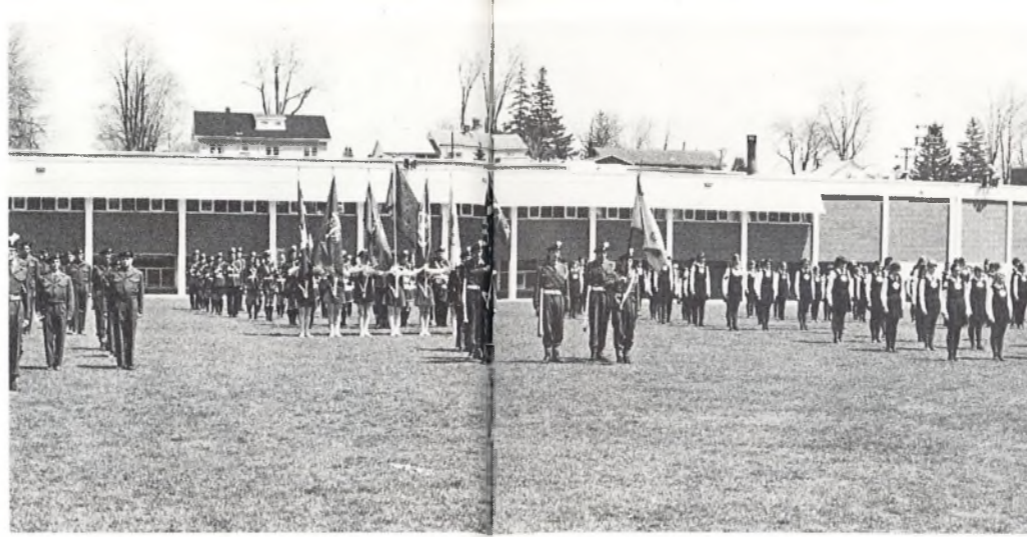

At the time of writing, an invitation to participate in the Victoria Day parade in Woodstock has been received and is being considered. The Thamesford Parade, the same day, has been delayed so that they can be part of both parades if the band so wishes.

The Volt staff wishes to extend our wholehearted support and thanks for the outstanding service performed by the school band. We are sure that the entire school also will join in this expression of appreciation. Keep up the good work.

Volt Staff

The Volt Staff would like to thank all those people who took part in making the '71-'72 VOLT possible. We wish next year's staff continued success, and we hope they get the results required to make such a success possible.

We would like to urge that more people become interested in the yearbook, for without sufficient support the Volt will die away.

Good Luck to all.

We have one slight problem:

Old age is having to stop
For breath
When chasing the cows,
Old age is having to wear
A kerchief to keep the wind
From blowing your hair,
Old age is having to wear
A hat
Just to go to church,
Old age is having
Grey hair
And false teeth.
Old age is having to lie down
After dinner
To read the paper or sleep
Old age is always having
To do
The sensible thing,
Old age is losing
Your memory, both when convenient
And when frustrating,
Old age is becoming irritated
With the adventurous simplicity
Of a youthful mind,
Old age is having to wear
A raincoat
To go out in the rain,
Old age is a disease my mother has
That prevents her
From doing distasteful chores,
Old age is forever
Once it comes
You'll have it for life.

There once was a bold communist red

He spoke of imperialistic pigs
And those industrial big wigs
Now we have one dead commy red.

Warm summer evenings

And dew on roses;
Moon light
And soft candle light
Crackling fire
And you.

A Warning To Mothers

The world suffered from our crowding
And so the helpless were evicted
What a shame.....too bad

A beautiful creature - just hatched
And left to survive in the world.
So small and unprepared.

A memory of a summer
cool dawn - sharp
tangy
on a long tanned beach
still damp with white crests
from the receding tide
gathering muscles and
 laughing and
 chasing and
 dancing
walking to no ends...
and little pools
warm sand
bleaching dry under the hot white sun
whitening
warming
hazy dreamy day
and stubby wind blown
dunes
with clumps of grasses
a little charcoal fire
the salty smell
fresh scallops
washing breeze
as you dance in the sun
and played
and you always shouted
and burped the loudest
vulgar I'd say
but you kept showing off anyway
and you'd always get the biggest consequence
because you took a double dare.
It seems so very long ago
 A time in mist and air
But didn't we say we'd see each other again
 And that we'd talk of our great plans then
You never waited for me again
 And I cry when I think you'll never be there.

WINTER

It is cold outside,
Very cold.
The car wouldn't start
That's how cold it is,
I feel old.
It's not a bad feeling exactly,
It bewilders me for I'm told I still have
many years
I am only seventeen
seventeen.
That sounds old
But then, I feel old.
It is cold outside.
The cars are cautious to-night
Because of the cold?
No, because of the road
Ice.
Definite threat.
Which? Ice or cars?
Both.

The electric clock is noisy
Its sounds are timeless posters of people
Like myself.
I look around
Duck paintings above a piano
Fruit paintings beside a window.
Red maple furniture,
A plastic (or is it vinyl) footstool,
Birch logs and violets in the fireplace,
Warmth surrounds me like a hot summer day
Warmth for the old, the illusion of youth's summer.
I feel old.

Am I old? I'm seventeen.
It is very cold,
Very cold.
The car wouldn't start
That's how cold it is.

Gulls circle
In the dull, iron grey sky.
Unaware of their purpose, yet,
endlessly they circle.

Men toil
On the hard dark loam.
Unaware of their reason, and,
Endlessly they goil.

Amazing
How both should be so alike.
The gull in his time must search the skies.
The man must work the fields.
Although they may seem completely free,
They are chained to the sky as we to the ground
And must tread their ancestor's beaten path
As we must follow ours.

T. Lewis

I see the sounds of motionless music
as the silent room awaits my rest in thoughts,
Time has no fear of them in thought
But awaits the bustling ones of no dreams.
How much time does a man lose
Thinking about losing time?

Or is thinking a useless thing; a timeless
subject in itself?

What is straight reality with no dreams?
And what of a world with just dreams?

Black is now upon my eyes
And again I see the sounds of motionless music.
