BRANT, ELGIN, NORFOLK AND OXFORD.

1895.

VOL. IX.

UNION PUBLISHING COMPANY, OF INGERSOLL.

PREFACE.

The Publishers, in presenting the tenth edition of their Business and Farmers' Directory of the Counties of Brant, Elgin, Norfolk and Oxford, have endeavored to merit the highest approval of the public by presenting a work that will be found the most complete and reliable of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men in all branches of trade and commerce than any other similar publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer, and showing whether he is owner or tenant of a lot outside the limits of each city, town or village, with post office, lot and concession; a complete list of towns, with the business people alphabetically arranged; also a separate list of business people classified with reference to their business. This combination makes one of the most complete Directories ever published.

Thanking those who have so kindly given us information; also the business people and the public generally who have given the work their support, we remain,

Respectfully yours.

FUTURE COMFORT

As well as avoid the future the happy results of attention to eye troubles before the vision is permanently injured. Pain or blurring eye notices warn that the eyes need attention, and prompt treatment frequently arrests the trouble and prevents development of more complicated and less curable diseases. Cataract, Glaucoma, Ery, are usually curable after a period of your sightlessness. Astigmatism, or other refractive errors.

NEAR-SIGHTED CHILDREN
