## PREFACE

---

In presenting to our patrons and the public our ninth Directory of Ingersoll we have endeavored to make the work as complete and concise as possible. A thorough canvass has been made from house to house and if any names are missed it will be found that persons so missed are much to blame, as our canvassers have been careful to ask for all names in the house

During our canvass very few vacant houses have been found which in itself will indicate that the town will compete very favorably with any in the country

Thanking our patrons for their encouragement and the citizens generally for their civility and assistance and hoping the town will continue to prosper we remain

Yours, respectfully,

THE PUBLISHERS
