The LOAN is made on the party signing, before a witness, an Agreement furnished by the Company, and depositing in the office the Policy with the Agreement.

In cases of Policies which have been assigned, or otherwise dealt with, the Assignee, and all persons interested, will be required to join the Agreement.

Interest at the rate of **6 per cent.** per annum, is payable half-yearly, on 1st January and 1st July in each year, and must be paid within thirty days thereafter. Non-payment during that time will subject the Policy to forfeiture in the same way as the non-payment of Premium.

Dear Sir:--

Yours 1st int. received and I forward herewith bond and note to be executed in the matter of loan on 29330 for the sum of \$200 as offered in ours of the 29th.

Upon completion of the bond and note as the form requires they should be returned with the policy and we will then forward check for the amount to accrue, interest 6% being payable in advance and so deducted from the gross amount of loan made.

As regards the loan on Policies 34898 and 45963 our finance-committee would probably object to the grant of loan even though it appeared that deed regular in form had assigned the full interest in the insurance under these policies to yourself and question might arise with which we should have concern and it is to avoid any complication that the action as taken regarding loans on these policies was made.

Dear Sir;-

Re. Policies #10,035-6.

In response to your favor of the 3rd inst., agreements are enclosed increasing the loans under these policies to net you \$900. as desired. You will find statements endorsed on the agreements. When returning them completed, please send us also the policies, which it is now the practice of the Company to hold during the currency of a loan. The existing agreements will then be cancelled and sent you, with a check for the balance due and receipts acknowledging possession of the policies.

Yours faithfully,

*W. H. Somerville*
